WHAT IS THIS PRODUCT?

Type

The Units are a class of units in Maverick Global Fund (the "Sub-Fund"), a sub-fund of BPI Global Investment Fund (the "Fund"). The Fund is formed as a fonds commun de placement. The Fund qualifies as an undertaking for collective investment in transferable securities ("UCITS") within the meaning of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment. CaixaBank Asset Management Luxembourg S.A. is acting as management company of the Fund (the "Management Company"). The Sub-Fund is a sub-fund of an investment fund, whose performance will depend on the performance of its portfolio as further described in the section "Objectives" of this KID.

Term

The Fund, the Sub-Fund and the Units were created for an unlimited duration. The Fund can be dissolved by a decision of the Management Company as further outlined in the prospectus of the Fund. The PRIIP Manufacturer in its capacity as management company can terminate the Fund, Sub-Fund or the Units unilaterally.

Objectives

The investment objective of the Sub-Fund is to provide investors with medium to long-term capital appreciation by investing in a dynamic and diversified portfolio of assets. The Sub-Fund aims to produce returns by investing in a diversified portfolio of mainly equity securities, including common stocks, preferred stocks, warrants, securities convertible into common stock or other securities indexed to stocks of companies, which in the opinion of the Management Company have a strong potential for growth and where it considers the risk appropriate for the Sub-Fund, in compliance with the investment limits and guidelines of the Fund (as set forth in section 3 of the prospectus). For equity markets, the Sub-Fund may invest worldwide and without limitations about region, sector, style or market capitalization. The Sub-Fund may maintain high exposure to small capitalization companies in certain management periods, up to 80% of the net asset value of the Sub-Fund. In addition, the Sub-Fund may invest in public and private debt securities, short-term securities (namely deposit certificates, deposits, interbank applications, commercial bills, treasury bills) and up to 10% of the Sub-Fund's net asset value in other UCITS. They will have an average investment grade (equivalent AAA and BBB- as defined by Standard and Poor's). The Sub-Fund may use financial derivative instruments for the purpose of efficient portfolio management and hedging. The Sub-Fund will not enter into Securities Financial Transaction ("SFTs"), nor total return swaps. To achieve its investment goals, for treasury purposes and/or in case of unfavorable market conditions, the Sub-Fund may also invest in money market instruments and transferable securities on an ancillary basis. The Sub-Fund may also hold ancillary liquid assets, such as cash in bank deposits at sight held in current accounts with a bank accessible at any time, for up to 20% of its net assets which may only go beyond the 20% limit in case of exceptionally unfavorable market conditions as further described in the prospectus. The Sub-Fund only offers

capitalisation units and therefore the income arising from the Sub-Fund is not distributed. The minimum subscription amount for the Units is EUR 300,000. The Units may be subscribed and redeemed upon demand on each Luxembourg banking day. Taking into account the medium/long-term holding period and the characteristics of the investments, the performance of the Sub-Fund depends on the performance of the investments over time. A positive performance of the investments will lead to the Sub-Fund's positive performance just as a negative performance of the investments will cause a negative performance. The Sub-Fund pursues an actively-managed investment strategy. The Sub-Fund refers to the following benchmark: MSCI Europe Total Return Net Index (ticker: MSDEE15N Index) (the "Benchmark"). The Benchmark is indicated for information purposes only, and the Fund manager does not intend to track it or to limit the Sub-Fund's portfolio to the constituents of the Benchmark. There are no restrictions on the extent to which the Sub-Fund's portfolio and performance may deviate from the ones of the Benchmark. The investments underlying the Sub-Fund do not take into account the European Union ("EU") criteria for environmentally sustainable economic activities¹. The depositary of the Fund is BNP Paribas, Luxembourg Branch. This KID is available in English and Spanish. The latest price for the Units is available at the registered office of the Fund, 60 avenue J.F. Kennedy L-1855 Luxembourg. The Fund is an umbrella fund offering several sub-funds whose assets and liabilities are legally segregated between each other. Such document only describes the class E of the Maverick Global Fund. Other classes are also available within this Sub-Fund. Further information on such classes is available in the prospectus of BPI Global Investment Fund. Conversion in and out between sub-funds/classes of units within BPI Global Investment Fund is allowed. HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

Recommended holding period: 5 years

The Sub-Fund is aimed at investors with a high risk tolerance who assume a perspective of capital appreciation in the medium/long term and, as such, are willing to tie up their savings for a recommended holding period of 5 years.

You can redeem your investment at any time during this period, or hold the investment longer. Investors may redeem their units of the Sub-Fund on any business day in Luxembourg. Cashing in before the recommended holding period may increase the risk of lower investment returns.
